Omigahhhhhhhhh!

This book is too much in all of the best ways. Vengeful, violent, over the top, and fabulous!!

I can TOTALLY imagine Quentin Tarantino rolling around in this book and sighing with pleasure.

Suspend disbelief and just get in there, this one is so much fun!!

Thank you to Hannah Capin, St Martin's Press and NetGalley for giving me this ARC in exchange for an honest review!

Scary, bloody, violent retelling of teen Macbeth with the mash-up of Cruel Intentions, Riverdale, Mean Girls, American Horror Story Coven and of course one of the best disturbing high school movie Heathers!

So what do you think? You're gonna be in or out! As a die-hard fan of all Shakespeare works, I took my place at the back seat, flipping pages with distorted face, wide eyes and the thought balloons appeared above my head says: WTH I'm reading! Those teenagers couldn't be real human beings! They

Those teenagers couldnâ€™t be real human beings!â€• They might have been produced in a lab by the protected genes of famous serial killers including Manson, Dahmer and Wuornos!

So here is our cast:

Jade is our avenger, psychopath bitch a.k.a Lady Macbeth says who would have thought all these boys to have so much blood in them!

Mack is our innocent(!), decent, unfortunately manipulated Macbeth

Heathers girls a.k.a Witches: Jenny, Summer and Mads

The kings a.k.a motherf.cker, despicable, dirty human wastes (I wish Jade give me some private time with those boys because theyâ€™re winners of my punching, slapping, kicking, beating the shit out of them contests! Iâ€™m volunteer to use them as decorative punch bags of my Fighting Women Club and

Making Cupcakes Club â€“after burning so much energy, we get our treat!-)

If Macbeth pulled a Kill Bill on the movie Heathers, Foul is Fair would be the scene of the crime.

This book is f*cked the f*ck up.

So, obviously, I LOVED IT!

Think Sadie by Courtney Summers on a meth binge.

This is a story about the ultimate revenge. And, much like Kill Bill and Heathers, it's over-the-top craziness that couldn't possibly happen in real life, which is exactly how it should be told. This book is a revenge fantasy and if you aren't chill enough to appreciate that style... well

In Los Angeles is a privileged group of mean and powerful teen girls, the world is their oyster until Elizabeth Jade Khanjara, known as Elle, crashes a St Andrew's Prep Party on her sweet 16th birthday, with her friends, Jenny, Summer and Mads. She is raped and assaulted by 4 boys after her drink is spiked. Her memory fragmented and elusive, Elle becomes Jade, with her new short revenge black hair, she is no victim, no survivor, and with the unswerving support of her loyal coven of sisters, she swears a raw, bloody, unforgiving take down of those who thought they could act with such lawless, arrogant, impunity. They picked the wrong girl. In this feminist re-interpretation of Macbeth, those familiar with the play will recognise quotes and characters from Shakespeare's play in the novel.

As Jade enrolls at St Andrew's as the new girl, the guilty parties have been identified, presided over by king golden boy, Duncan, and his gang of corrupt lacrosse sport team jocks, with their rigid ranked hierarchy. Until now, they have been the untouchables with their guaranteed golden futures, not any more. Spells are cast, if fair is foul, then foul becomes fair as Jade and her coven scheme, manipulate, and ruthlessly exploit the weaknesses of their enemies, choosing Andrew Mack as the key weapon to bring about death, destruction, madness and mayhem. As fear and guilt begin to insidiously take hold of Duncan and his boys, Jade and Mack become an item, prophecies are made that tempt, corrupt and beguile, promising a new order to come. There are ghosts, daggers, and hands that refuse to be washed of the glistening red blood as toil and trouble take over in St Andrews.

Hannah Capin's prose is as sharp as broken pieces of jagged glass, poetic, and dramatic, all primary colours and monochrome. She takes our contemporary world issues with its sports men and others who have eluded justice when it comes to their unforgivably brutal crimes against women and girls, and weaved a dark narrative of a no holds barred, blood thirsty revenge, drawing on Macbeth

for its inspiration. Jade and her coven are not women that can be ignored, they are bright, intelligent and deadly. You mess with them at your peril as Duncan and his group are to discover, but far too late to save themselves. This is a compulsive and memorable read which I will not forget in a hurry. Highly recommended. Many thanks to Penguin Random House UK for an ARC.

As a modern retelling of

, this is absolute genius.

On the night of her sweet sixteen, high schooler, Elle, along with her best friends, Mads, Summer and Jenny, plan to crash a St. Andrews Prep party.

They are in the highest of spirits, dressed to the nines, feeling like queens of their world. Nothing can touch them. That's what they think anyway.

Then the golden boys, the wolf pack, of St. Andrews select Elle as their next victim.

Little do they know, they have chosen the wrong girl.
